Ms. Adams,

The Hamilton Local School District is not aware of any materials being sent to ENI or CAI or Mr. Haugen, nor have we ever had a contract to do so. Given the timeline detailed in the letter received from Sharon Jaffess, we can reasonably assume that any materials that had our school district as a "reference" may have come from two entities. The district has used **Waste Management of Canal Winchester, Ohio** to haul and recycle materials from our school buildings for an extended time. The district was also constructing new facilities during this time (Fall 2006 - Fall 2009), and demolished two older buildings. **Quandel Construction Group**, led by Construction Manager Todd Cooper, was in charge of managing all aspects of those construction projects.
